

HELP THEM GROW WITH EVERY DROP

Nearly 1 out of 2 pediatric patients with chronic diseases are **MALNOURISHED**¹

Oral Nutritional Supplements (ONS) have been shown to be an **EFFECTIVE STRATEGY** to support children who have (or are at risk of) malnutrition and need to catch-up growth⁵

TASTE & VOLUME are the most important factors affecting compliance⁶

Up to 89%

of Paediatric Dietitians reported that the majority of paediatric patients struggle to consume a standard ONS (1.5kcal/ml, 200ml)⁶

Up to 69%

of Paediatric Dietitians reported that compliance to standard 1.5kcal/ml ONS in children is average to poor⁶

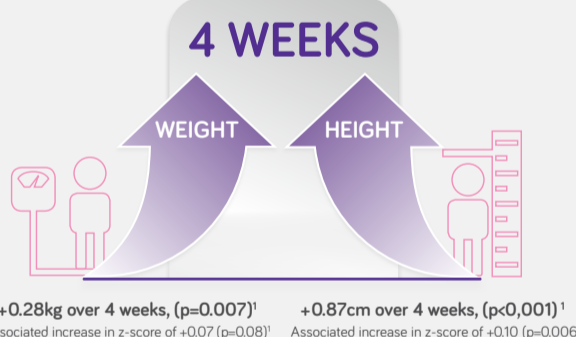

ENERGY-DENSE, LOW-VOLUME PAEDIATRIC ONS RESULTS OF A RANDOMIZED CONTROLLED TRIAL (RCT)

- **Design:** RCT, parallel
- **Study group:** Children (1-12y) with faltering growth requiring ONS (N=51) to meet their nutritional requirements
- **Intervention:** Fortini Compact MF (2.4 kcal/mL, 125mL)
- **Control arm:** Standard paediatric ONS (1.5 kcal/ml, 200mL)
- **Duration:** 28 days

	200ml Standard paediatric ONS (1.5kcal/ml)	125ml Fortini Compact Multi Fibre (2.4kcal/ml)
ENERGY	300kcal	300kcal
PROTEIN	6.8g	7.2g
FIBRE	3.0g	3.0g
CALCIUM	168mg	210mg
IRON	3.0mg	3.0mg
	Nutritionally Complete	Nutritionally Complete

Catch-up GROWTH in just 4 weeks⁷

Improved NUTRITIONAL INTAKE from ONS and from everyday food in just 4 weeks⁷

- 45%** higher mean total energy vs standard ONS
- 50%** higher mean total protein vs standard ONS

4X greater APPETITE over time versus standard ONS⁷

48% vs 12%

Higher PATIENT COMPLIANCE* vs standard ONS⁷

81% vs 59%

*patients consuming >= 75% of their prescribed ONS

- ✓ Suitable for children from 1 year onwards
- ✓ 300kcal per bottle (2,4 kcal/ml)
- ✓ 7,1g protein per bottle
- ✓ 125 ml per bottle
- ✓ Nutritionally complete
- ✓ Low in lactose (0,30g/100mL)
- ✓ Fibre containing (MF6 blend)
- ✓ Available in 3 flavors:
 - Neutral
 - Strawberry
 - Chocolate-caramel
